

Hangar Wait List Policy

The T-Hangar Wait List is currently closed to new applications

The Port of Olympia owns small and large T-hangars, executive hangars, and planeports (covered but open) There are three separate wait lists, one for each hangar type, which are all capped at 50 people per list. Tie down space is immediately available.

Please fill out a wait list application, which is under the “Hangars & Tie Downs” tab on the airport website, and email it to airport@portolympia.com to be added to one of our wait lists.

Once your name is at the top of the list and a hangar or planeport becomes available, we will contact you at the phone number that you provided. If we are unable to contact you at this number within three business days of the first attempt, you will forfeit the available hangar space. Priority on a wait list will be established by the date the airport actually receives an applicant’s application. Available hangar space will be offered to the first applicant on the list.

If you fail to return our initial call within 7 business days, you will be removed from the list. If you decline a hangar when you are contacted, you will be moved to the bottom of the list. If you decline a hangar or planeport a second time, your name will be removed from the list. If you do not have an airworthy aircraft registered to you, or an aircraft kit when you are contacted for an available hangar, you will be removed from the list. Applicants who fail to complete required documents within 14 calendar days after accepting available space will forfeit the space and their wait list position.

An applicant’s position on the wait list is not transferable, and is only available to those persons or entities actually named on the application. The Airport Manager has the authority to waive the wait list process when it is in the best interest of the airport.

An updated hangar wait list is maintained on this page, please reference this list before contacting airport administration. If you no longer need a hangar and are on the wait list, please contact us to be removed from the wait list.
