

## Hangar Wait List Policy

The Port of Olympia owns small and large T-hangars, executive hangars, and planeports (covered but open) There are three separate wait lists, one for each hangar type, which are all capped at 50 people per list. Tie down space is immediately available.

Please fill out the wait list form (link below) and email the completed form to [airport@portolympia.com](mailto:airport@portolympia.com) to be added to one of our wait lists.

Once your name is at the top of the list and a hangar or planeport becomes available, we will contact you at the phone number that you provided. If we are unable to contact you at this number within three business days of the first attempt, you will forfeit the available hangar space. If you fail to return our initial call within 7 business days, you will be removed from the list. If you decline a hangar when you are contacted, you will be moved to the bottom of the list. If you decline a hangar or planeport a second time, your name will be removed from the list. If you do not have an airworthy aircraft registered to you, or an aircraft kit when you are contacted for an available hangar, you will be removed from the list.

An updated hangar wait list is maintained on this page, please reference this list before contacting airport administration. If you no longer need a hangar and are on the wait list, please contact us to be removed from the wait list. A map of the airport with labeled hangar rows, and a table showing the dimensions of the different hangars that we offer are included on this page.
